Glacier Express

Begin this Glacier Express touring holiday by either flying into Geneva, or arriving via train. Then, continue to Zermatt, a picturesque, traffic-free town overlooked by the Gornergrat, the Hornli Ridge, and the Matterhorn. After three nights, board the Glacier Express and hurtle on through enchanting villages punctuated by Alpine chalets which emerge from clusters of green forest. Pass the emblematic castle of Upper Valais, head through the Furka tunnel to Oberwald, traverse the Gotthard Pass, see the Ruinaulta, cast a sweeping gaze over Switzerland’s oldest town, and journey through the Albula tunnel, rising and falling with the varied lie of the land, passing glaciers and surreal mountain peaks, until you reach St Moritz. Your return journey takes you via Zurich where, if returning by train, you may wish to stay for an extra night.

DAY-BY-DAY ITINERARY

Geneva - Zermatt - Glacier Express - St Moritz - Zurich

Day one: Geneva to Zermatt

Begin this Glacier Express holiday by travelling to Geneva, either by plane or train. From here, board the train to Zermatt in the early afternoon. Change trains at Visp, and arrive into Zermatt around four hours after departure from Geneva. Stay in your choice of luxury hotel for three nights.

Days two and three: Zermatt

In an idyllic, car-free zone, known for its popular winter sports, Zermatt is a stunning place to start this memorable trip. A peaceful village in the summer months, Zermatt is a haven for gourmet food lovers, with the highest concentration of gourmet restaurants, serving very typically Swiss cuisine, on the Glacier Express route. Quaint boutique shops are also housed within the chalet houses in the village centre. Take in the views of the icy Matterhorn, and wander along some of the 400km of walking paths that vein the landscape around Zermatt, Tasch, and Randa. Perhaps even enjoy the sights from the smaller railways that can take you as high as 3000m above sea level. The Glacier Paradise cable car will take you up to Europe's highest viewing platform, while the Gornergratbahn, the world's highest open-air cog railway, takes you from Zermatt station up to the Gornergrat where you can view the peaks of 38 surrounding mountains, including the Matterhorn. Consider visiting the famous Hornlihutte, where climbers have stayed for decades before advancing up the sides of the Matterhorn via the Hornli Ridge, the Zmutt Ridge, or through the north wall. To witness more of the sublime and intriguing history of the area, visit the Zermatlantis Matterhorn Museum, an archaeological site that has been faithfully recreated.

Day four: Zermatt to St Moritz

After your final night in Zermatt, catch the Glacier Express to St Moritz at around 9 in the morning, with a view to arrive at around 5pm. Some highlights of this route include the phenomenal Stockalper Castle, the icy walls near the Rhone Glacier, the harsh landscape of the Gotthard Pass, the complex network of tunnels, viaducts, and railway tracks of the Oberalp Pass, the winding Rhine River, the panoramas across Chur, the castles and palaces of the Domleschg Region, the curved Landwasser viaduct, and the Cresta Run, just outside St Moritz. The full, detailed journey, with altitudes, stops, and descriptions of the views, can be found here. You will now spend two nights in St Moritz.

Glacier Express

Day five: St Moritz

At 1856m above sea level, visitors are welcomed by stunning views across the lakes of the Upper Engadine Valley, and the refreshing dry, clear, Alpine climate. Navigate the local peaks via railway, reaching the Piz Corvatsch, Chantarella, and Corviglia, where a cable car takes you up to Suvretta's most famous viewing point. Enjoy the water sports at the sublime Lake Sils and Lake St Moritz, or the windy Lake Silvaplana. While staying in St Moritz, it is possible to use this opportunity to explore another of Switzerland's most iconic rail journeys, the Bernina Express. In one of the distinctive red trains, with their tall, angular windows, and comfortable, airy interiors, the Bernina Express rail journey takes you from Chur, the oldest city in Switzerland, south through the winter resorts of Davos and St Moritz to Tirano on the Swiss-Italian border. En-route you pass the dramatic Ruinaulta, or Rhine Gorge, the castles and palaces of the Domleschg Region, and the Morteratsch Glacier, and travel over the Landwasser Viaduct and around the Montebello Curve.

Day six, Return via Zurich

If you depart for Zurich in the mid-morning, you will arrive at around half one in the afternoon, which leaves plenty of time to enjoy a few hours in the city before catching a flight home. If you are catching a train from Zurich back to London, we would recommend spending the night in Zurich before your departure.

OPTIONAL

It is possible to add extra nights in Zurich, Geneva, Lausanne, St Moritz, or Zermatt.

MAP OF GLACIER EXPRESS TOURING HOLIDAY

The map below illustrates the route outlined in this touring itinerary, with overnight stops and places of interest highlighted.

GENERAL INFORMATION

This rail holiday is one of several suggested rail holidays we can offer you exactly as it is but also with any alterations you might want including extra nights in one or more places or adding in extra places. All our tours can be extended so that you can include a longer stay in one mountain or lake resort too, perhaps at the end of the itinerary. Do call to discuss the options with our travel consultants.

OUR TOURS

Our rail tours are for individuals travelling on their own or in their own family group. You do not join a group and you are not escorted.

FLEXIBLE ARRANGEMENTS

Our arrangements are very flexible in that you choose to travel on any day you want, subject to availability of trains and hotels. As mentioned above, additional nights can be added at any point.

FLEX PASS INCLUDED

We include travel to and from your first and last hotel but also a Flex pass is included for the rest of the holiday, depending on its length. For example, on a long stay we would include an 8 day Flex pass. This gives you 8 non-consecutive but selected days of travel within a one-month period.

The pass gives you a choice that includes

- Unlimited travel by rail, road and waterway on your selected days of validity, including most panorama routes and public transport in 75 towns and cities
- Free admission to more than 490 museums on the selected days of validity
- Children under the age of 16 travel free of charge when accompanied by at least one parent holding the Swiss Family Card

If we have included a panoramic route in your holiday, we will automatically include any applicable supplements for that train.

TRAIN TIMES

We have planned our itineraries based on train times that work day by day at the time of planning which can be up to a year before you travel. Usually train times stay more or less the same every day, season by season. The times we have planned will be discussed with you at the time you enquire about the holiday and they are detailed to you in your written holiday quotation. It may be that the timetable changes between the planning of the itinerary and when you come to book but we can always adjust the itinerary to suit the actual train times and any requirements you have for particular times of travel.

FIRST OR SECOND CLASS

We will automatically include travel in second class but lots of our clients do upgrade to first class service. On Eurostar this is called Premier Standard for leisure travellers as it gives you an upgraded on-board service and more spacious seating but without paying for the fully-flexible business tickets. On the TGV trains from France to Switzerland, upgrading to first class gives you more spacious seating with increased legroom. Within Switzerland, first class gives you again more space and more comfortable seats, often with a quieter environment. The price of upgrading varies from route to route but is something that is not always proportionately a lot more on the price of the overall holiday, so well-worth considering.

LUGGAGE TRANSFER SERVICE

Swiss rail operates an efficient transfer service for your luggage. This works in a number of ways:

For travel to Switzerland by air, you can check-in your baggage with any airline, from any airport in the world and it will be forwarded to our destination station in Switzerland from Zurich, Bern or Geneva airports. Simply collect your baggage from the station at your destination.

For departure from Switzerland if flying with Swiss, you can check-in for your flight at the train station the day before you fly (major stations only). You receive your boarding pass and your seat allocation and your baggage will be transported onto the aircraft.

For departure from Switzerland with other airlines eg British Airways or Easyjet, you can have your baggage transported to the airport train station ie Zurich or Geneva and you collect it from there to take it to check-in as usual. Just allow enough time for the luggage to reach the airport station, so well before you travel. Your station will be able to advise a day or two beforehand.

Within Switzerland you can transfer your luggage from one location to another. The Fast Baggage service is available between 45 destinations. You just have to check-in your luggage before 9am at your departure station and collect it by 6pm on the same day at your destination (or sometimes the following day, depending on the actual destination). The cost of this service is approximately £17 per item.

TRANSFERS

Transfers in Paris between stations and from the station to each hotel are not automatically included in the price of the holiday. In Paris most clients choose to take a taxi between the stations rather than go on the Metro but we can arrange a private car with driver to take you in between. This is quite useful if you are a family group that can't fit into one Paris taxi. In Switzerland, depending on the location, hotels sometimes have their own transfer vehicles that they will send to collect you if we advise them in advance (eg in St Moritz and Zermatt this is usual) but elsewhere some hotels are within walking distance and others are a short taxi ride away.

OUR PRICES

The sample prices mentioned in this leaflet are generally a 'from' price based on the cheapest season of travel. However, train fares and hotel rates can change (up and down depending on offers), so we give you an accurate price for your holiday when we provide you with a quotation. Our sample prices should be used as an indication of how much a particular combination will cost and to show the differences on average between the hotel categories on offer.
