Linking together the most breath-taking and sublime lakes in Switzerland, this grand tour stops off beside the four main Swiss lakes, plus the lesser-known lakes of St Moritz, Sils, Silvaplana, Fallboden, Thun, and Brienz. We aim to capture in this rail touring holiday the various sides to these lakes as well as the diverse villages, towns, and cities that line their shores.

This grand tour of Switzerland's lakes begins with your arrival by aeroplane or by train into Geneva. From here, you catch a train to Lausanne for your first two nights beside Lake Geneva, what might be Switzerland's most popular lake. Then, move on into the Bernese Oberland via the GoldenPass Line for two nights in the chocolate box village of Grindelwald in the Lutschine Valley. This is the perfect opportunity to ascend the Jungfrau by rail to Jungfraujoch, the highest railway station in Europe. Next, this tour takes you north via spectacular Interlaken to Lake Lucerne. Spend three nights here, taking in the impressive cultural sites, including the Chapel Bridge, the Water Spike, and the Water Tower. Enjoy a lake cruise, from which you can view the many picturesque villages that line the shores. Board the Wilhelm Tell Express boat to Fluelen from Lucerne on your eighth day, and then the Wilhelm Tell Express train from Fluelen to Bellinzona, and then on to Lugano. Enjoy the Mediterranean feel of Ticino for two nights, exploring the nearby mountain peaks as well as the colourful city itself. Then, you join the Bernina Express as the dedicated coach takes you across northern Italy, past Lake Como to Tirano. Board the Bernina Express train here and journey north to St Moritz at the foot

of the Suvretta Mountain, and just a stone's throw from many picturesque lakes, for your penultimate night. On your final full day, re-join the Bernina Express as it heads towards Chur, the oldest town in Switzerland, where you change for a direct train to Zurich. Spend your final night in your choice of luxury Zurich hotel after visiting the Grossmunster Church and appreciating the crispness of this historic area. On Day Twelve, return to the UK from Zurich by air or rail.

## DAY-BY-DAY ITINERARY

### Days one to two: Geneva to Lausanne

Travel by rail or by air from London to Geneva on your first day. Perhaps spend an hour or two exploring the city, home to fine watch-making, the headquarters of the UN, and the Jet d'Eau fountain. Wander around the Vielle-Villa, the largest Old Town in Switzerland, stopping at the St Pierre Cathedral. From Geneva, catch a train along the northern shore of the lake to Lausanne, where you will spend your first two nights. On your one full day in Lausanne, seek out the impressive historic monuments as well as the new, modern additions. Lausanne Cathedral is believed to be one of Europe's most beautiful Gothic monuments, crowned by spires of unusual purple and orange hues. A brand new Olympic Museum has recently opened in the heart of Lausanne's Old Town; three levels depict Olympic history in all its colourful grandeur. The placement of this new museum comes as a result of the Olympic Committee Headquarters being in Lausanne. The Olympic Park is adjoined to the museum, and is dotted with artworks, sports sculptures, and well-maintained flowers and trees. Beside the Olympic Park is the promenade at Ouchy Harbour, which, when lit up in the evening, will be one of the highlights of your trip. The promenade takes you from the gardens along to the Haldimand Tower, the Bellevue Swimming Pool, the Chateau d'Ouchy, and the port. Enjoy dinner in this beautiful area before returning to your choice of luxury hotel.

### Days three to four: Lausanne to Grindelwald

The next leg of your journey takes you to the eastern point of Lake Geneva, in Montreux, home to Chillon Castle, Switzerland's most popular historical monument. In Montreux, change trains to the GoldenPass Line and zig-zag your way up to higher ground as you begin the journey to Grindelwald in the Bernese Oberland. The distinctive golden carriages of the GoldenPass Line take you first through the villages above Montreux, where the houses become sparser and have more individualistic architecture. Pass the turquoise waters and wooden bridges of Montbovon and enter Saanenland in Chateau d'Oex, where the mountain chalets begin to become more prominent. Emerge from a gently curving valley into the flat plains around Gstaad that are formed by the convergence of five valleys. Ascend to Schoenried, and then to Zweisimmen, the so-called 'gateway' to the Saanenland. The landscape here becomes jagged as severe bluffs and mountain peaks burst out of areas of thick, rich forest. The Stockhorn Rock between Boltigen and

Lake Thun in the Bernese Oberland

Erlenbach im Simmental marks your entrance to the Bernese Oberland. Pass through flourishing natural beauty in the Nature Park of Diemtigtal and trace the shores of Lake Thun before you reach Interlaken, where you change trains for Grindelwald. The journey takes around three hours in total, bringing you into Grindelwald in the early afternoon. Spend two nights at a hotel of your choice in this enchanting chocolate box village, scattered across the gentle green slopes of the Lutschine Valley. The nearby village of Wengen, accessible via two cable cars, by bus, or by train, sits at the base of the Jungfrau. Your stay in Grindelwald is therefore perfectly placed for enjoying the most iconic attraction of the Bernese Oberland. Travel by funicular railway up to Jungfraujoch, the highest railway station in Europe, to appreciate the stunning views. For hiking trails, take cable cars up the Monch and the Eiger, or simply follow the softer trails that lead out of Grindelwald. The picturesque Lake Fallboden makes for idyllic and relaxing afternoon and evening walks. Complete or begin your stay in Grindelwald with a self-guided stroll between the rustic wooden chalet houses.

### Days five to seven: Grindelwald to Lucerne

Leave Grindelwald at midday on your fifth day, changing trains at Interlaken, to arrive into Lucerne at around 3pm. A three night stay here affords you plenty of time to enjoy Lucerne and the lakeside. An essential visit on any stay in Lucerne is the Chapel Bridge, the city's main landmark and the most

photographed monument in Switzerland. Walk along the bridge, taking in the views of the Reuss River, the so-called Water Spike, and the Water Tower. For both historical significance and architectural beauty, visit the 17th century Jesuit Church, which overlooks the water and is topped by two droplet-shaped domes. Above the city is the Musegg Wall, a 14th century structure that once protected the city within. Though the city now sprawls outside of this wall, the nine defensive towers still remain, three of which are open to the public. On your second day, enjoy lunch in a pavement café on the Kornmarkt Square, beside the colourful Pfister Guildhall, the Hirschenplatz Square, or the Weinmarkt Square, where Lucerne swore its federal oath with Schwyz, Uri, and Unterwalden. To see some exemplary Swiss culture, visit the prestigious KKL Luzern gallery, the Rosengart Collection of works by Picasso and Klee, the Wagner Museum in Tribschen, and the Swiss Museum of Transport. On your second day here, you may wish to visit some of the villages that line the lake shores, including Vitznau and Weggis. Weggis is recognisable from the water (should you take a lake cruise) by its red-topped church spire that sits at the village's highest point. Finish your days with a sumptuous dinner back at your hotel, or in one of Lucerne's many gourmet restaurants.

### Days eight to nine: Lucerne to Lugano

On your eighth day, you adopt a different form of transport in order to cross Lake Lucerne. The Wilhelm Tell Express begins with either a salon motorboat or a steamboat, which docks at various places mentioned in the legend of the Swiss National Hero of Liberty, Wilhelm Tell. See the site where Tell reputedly jumped from the bailiff's ship before pushing it and its crew back into the stormy lake waters, and the meadows of Rutli, where Friedrich Schiller set his popular recounting of the tale. When you reach Fluelen, perhaps take the time to wander along the narrow promenade that separates the harbour from the lake, before boarding the Wilhelm Tell Express train on your way to Lugano. Here, the railway track runs along the Reuss River, across wide, flat valleys until the track gains altitude and chocolate box villages dot the hillsides. Navigate the Gotthard Loop Tunnels, passing through the complex rail network of Goschenen, and entering the province of Ticino at Airolo through the Gotthard Strassentunnel. The train now follows the River Ticino past the waterfalls of Biasca, the Italianate architecture of Faido, and the historic solitary chalets. When you reach Bellinzona, disembark for an alternative train to Lugano. This is the most Italianate town in Switzerland, distinctive because of its three medieval castles that stand on hilly bluffs and form a united UNESCO World Heritage Site. The journey from Bellinzona to Lugano is an incredibly short one, bringing you into Lugano at around half two in the afternoon. Spend two nights in Lugano, exploring the Mediterranean-esque lakeside, lined with colourful houses, small marinas, and palm trees. Enjoy lunch in one of the picturesque waterside restaurants. Ascend Monte Bre in the afternoon by funicular railway from Casserate to appreciate the stunning views across the lake and San Salvatore. Parks, grand villas, and sacred buildings line the streets, blending a definite Mediterranean feel with the reputation and glamour of a world-class city. Over 30 different lake cruises are available, as well as more active pursuits in the mountains.

### Day ten: Lugano to St Moritz

You depart Lugano by yet another mode of transport: the Bernina Express coach. The Bernina Express bus from Lugano to Tirano in Italy leaves at around 10am, arriving three hours later and passing Lake Como and the picturesque villages of northern Italy on its way. In Tirano, you have an hour to enjoy the charming combination of Italian architecture and Alpine backdrop. Perhaps stop off at the Santuario della Madonna di Tirano on the quiet central square, or seek out the historic

Lugano

monuments and paintings dotted around the town. Then, embark on the final part of your Bernina Express journey, ready to arrive into St Moritz two hours later. This stretch takes you past thriving orchards and vineyards, over the unique Brusio viaduct as it spirals back on itself to compensate for the changing altitudes, and into Le Prese over the Swiss border. Continue on through the Bergamo Alps, through grand and regal Poschiavo and the Val Poschiavo, to Alp Grum, the only restaurant to be exclusively accessible by rail. If time permits, perhaps stop here for a light lunch before continuing with your tour. The Bernina Express now begins its ascent to the highest point on the Rhaetian Railway in Ospizio Bernina. Before arriving into St Moritz, you will pass two of the most famous sights on this railway: the Montebello Curve and the Morteratsch Glacier. The Curve itself allows you plentiful time to appreciate the views of the glacier. Arrive into St Moritz for your penultimate night in Switzerland, perhaps using the time to reach the best viewing point of the Suvretta Mountain by cable car, or to visit Lake Sils, Lake St Moritz, or the windy Lake Silvaplana. The neighbouring mountains, including the Piz Corvatsch, Chantarella, and Corviglia, can all be explored by rail.

### Day eleven: St Moritz to Zurich

On what may be the final rail journey of your holiday, travel from St Moritz to Zurich via the oldest town in Switzerland: Chur. This route takes you first to Chur, past the Cresta Run in Celerina, the Albula Railway Museum in Bergun, the towering Landwasser viaduct in

the Domleschg Region, the popular resort of Davos, the stone bridges and ochre houses of Tiefencastel, and the sublime Ruinaulta, before arriving in the 'Alpine City.' Change to a direct train to Zurich, which takes just over an hour and skirts around Lake Walen and Lake Zurich on the way. Spend your final night at a luxury Zurich hotel, taking a river or lake cruise on Day Eleven, enjoying a drink in a Badi-Bar on the lakefront, and climbing to the top of the Karlsturm, one of the Grossmünster Church's two iconic towers. The oldest district in Zurich, and home to the silk-making industry, is Schipfe; perhaps enjoy the luxuries at one of the bathhouses here or seek out the boat-builders' workshops. Visit the Lindenhof District to see the site of a 4th century Roman Fort as well as Charlemagne's grandson's 9th century palace. Complete your stay in Zurich with dinner in an authentic restaurant in the Niederdorf District, a ride on the Little Red Train up to the Polyterrasse, a visit to the Kunsthaus Art Museum, or a walk around the city joining the dots between some of the 1,200 water fountains.

### Day twelve: Return to the UK

On your final day, enjoy a relaxing morning at your choice of hotel before heading to Zurich International Airport for your return flight or to the station for your rail journey home.

### OPTIONAL

Extra nights in Geneva at the beginning of your tour, Saanenland between Lake Geneva and Grindelwald, or in any other stopover.

# MAP OF THE GRAND LAKES OF SWITZERLAND RAIL TOUR

The map below illustrates the route outlined in this touring itinerary, with overnight stops and places of interest highlighted.

## GENERAL INFORMATION

This rail holiday is one of several suggested rail holidays we can offer you exactly as it is but also with any alterations you might want including extra nights in one or more places or adding in extra places. All our tours can be extended so that you can include a longer stay in one mountain or lake resort too, perhaps at the end of the itinerary. Do call to discuss the options with our travel consultants.

The logo for Expressions, featuring the word "Expressions" in a white, elegant script font on a dark blue rectangular background.

### OUR TOURS

**Our rail tours are for individuals travelling on their own or in their own family group. You do not join a group and you are not escorted.**

### FLEXIBLE ARRANGEMENTS

Our arrangements are very flexible in that you choose to travel on any day you want, subject to availability of trains and hotels. As mentioned above, additional nights can be added at any point.

### FLEX PASS INCLUDED

We include travel to and from your first and last hotel but also a Flex pass is included for the rest of the holiday, depending on its length. For example, on a long stay we would include an 8 day Flex pass. This gives you 8 non-consecutive but selected days of travel within a one-month period.

#### **The pass gives you a choice that includes**

- Unlimited travel by rail, road and waterway on your selected days of validity, including most panorama routes and public transport in 75 towns and cities
- Free admission to more than 490 museums on the selected days of validity
- Children under the age of 16 travel free of charge when accompanied by at least one parent holding the Swiss Family Card

If we have included a panoramic route in your holiday, we will automatically include any applicable supplements for that train.

### TRAIN TIMES

We have planned our itineraries based on train times that work day by day at the time of planning which can be up to a year before you travel. Usually train times stay more or less the same every day, season by season. The times we have planned will be discussed with you at the time you enquire about the holiday and they are detailed to you in your written holiday quotation. It may be that the timetable changes between the planning of the itinerary and when you come to book but we can always adjust the itinerary to suit the actual train times and any requirements you have for particular times of travel.

### FIRST OR SECOND CLASS

We will automatically include travel in second class but lots of our clients do upgrade to first class service. On Eurostar this is called Premier Standard for leisure travellers as it gives you an upgraded on-board service and more spacious seating but without paying for the fully-flexible business tickets. On the TGV trains from France to Switzerland, upgrading to first class gives you more spacious seating with increased legroom. Within Switzerland, first class gives you again more space and more comfortable seats, often with a quieter environment. The price of upgrading varies from route to route but is something that is not always proportionately a lot more on the price of the overall holiday, so well-worth considering.

### LUGGAGE TRANSFER SERVICE

**Swiss rail operates an efficient transfer service for your luggage. This works in a number of ways:**

For travel to Switzerland by air, you can check-in your baggage with any airline, from any airport in the world and it will be forwarded to our destination station in Switzerland from Zurich, Bern or Geneva airports. Simply collect your baggage from the station at your destination.

For departure from Switzerland if flying with Swiss, you can check-in for your flight at the train station the day before you fly (major stations only). You receive your boarding pass and your seat allocation and your baggage will be transported onto the aircraft.

For departure from Switzerland with other airlines eg British Airways or Easyjet, you can have your baggage transported to the airport train station ie Zurich or Geneva and you collect it from there to take it to check-in as usual. Just allow enough time for the luggage to reach the airport station, so well before you travel. Your station will be able to advise a day or two beforehand.

Within Switzerland you can transfer your luggage from one location to another. The Fast Baggage service is available between 45 destinations. You just have to check-in your luggage before 9am at your departure station and collect it by 6pm on the same day at your destination (or sometimes the following day, depending on the actual destination). The cost of this service is approximately £17 per item.

### TRANSFERS

Transfers in Paris between stations and from the station to each hotel are not automatically included in the price of the holiday. In Paris most clients choose to take a taxi between the stations rather than go on the Metro but we can arrange a private car with driver to take you in between. This is quite useful if you are a family group that can't fit into one Paris taxi. In Switzerland, depending on the location, hotels sometimes have their own transfer vehicles that they will send to collect you if we advise them in advance (eg in St Moritz and Zermatt this is usual) but elsewhere some hotels are within walking distance and others are a short taxi ride away.

## OUR PRICES

The sample prices mentioned in this leaflet are generally a 'from' price based on the cheapest season of travel. However, train fares and hotel rates can change (up and down depending on offers), so we give you an accurate price for your holiday when we provide you with a quotation. Our sample prices should be used as an indication of how much a particular combination will cost and to show the differences on average between the hotel categories on offer.
