Paddlesteamer on Lake Lucerne

Wilhelm Tell, the Swiss National Hero of Liberty, is one of the best known folk characters in Switzerland. Friedrich von Schiller penned the most popular recounting of Tell's fable in his poem, which is still performed in Switzerland more than 200 years later. Begin your Wilhelm Tell Express touring holiday with three nights in Lucerne before boarding the Wilhelm Tell Express boat across Lake Lucerne. Pass such iconic locations as the Rutli Meadows and Tell's Chapel at Sisikon. When you reach Fluelen on the southern shore of the lake, disembark and board the train to Locarno. The journey south is lined with snow-capped peaks, interspersed with dramatic valleys, and broken up by a number of historic, picturesque towns. At Bellinzona, change for Lugano, where you will spend two nights before heading to Milan or Zurich for a return flight or train.

DAY-BY-DAY ITINERARY

Lucerne - Wilhelm Tell Express - Gotthard - Bellinzona - Lugano

Days one to three: Zurich to Lucerne

On your first day, fly or catch a train via Paris into Zurich. If time allows, perhaps spend an hour taking in this historic and enchanting city, stopping at the Grossmunster church and climbing the Karlsturm tower. Then board the train and take the short journey south to Lucerne, where you will spend your first three nights. The so-called City of Light is a bubble of cosmopolitan atmosphere, as well as a place of rich, historic significance. Wander down the pretty streets, taking in the individuality of the boutique shops and quaint cafes, or venture out into the surrounding landscape, visiting the Titlis Glacier, the Alpine meadows, and appreciating the views over the 13 nearby lakes, Swiss Mittelland, and the German and French borders from the Rigi Mountain. The Pilatus Mountain affords climbers and hikers views across more than 70 Alpine peaks, and is steeped in legends of dragons, giants, and royal graveyards. Two cog railways, from Vitznau and Goldau, and a panoramic cable car trip from Weggis offer relaxing ways to take in the scenery. A highlight of your stay in Lucerne will be walking along the Chapel Bridge and seeing the Water Tower, though the river itself has much more to offer. We would encourage using your time in Lucerne as an opportunity to visit many more of the towns and villages on the northern shore of the lake.

Days four and five: Lucerne to Lugano

After three nights in Lucerne, board the Wilhelm Tell steamboat or salon motorboat from the Swiss Museum of Transport's lido. This boat trip takes you across Lake Lucerne, from Lucerne to Fluelen, passing the notable points of interest from Schiller's poem about Wilhelm Tell. Pass the picturesque white villages of Weggis and Vitznau, the bustling town of Brunnen, the Ruti Meadows, and Tell's Chapel in Sisikon, where he reputedly jumped from the bailiff's boat before pushing it back into the storm. Presiding over all of this is the imposing Rigi Mountain. When you reach Fluelen, disembark and board the Wilhelm Tell Express train, which is headed towards Locarno. Follow the pathway of the Reuss River as it slices through wide, flat valleys further inland, before the railway gains altitude as the valleys narrow. Chocolate box villages dot the hillsides, and the railway tracks navigate tunnels and steep curves, such as the Gotthard loop tunnels and the Gotthard Strassentunnel, as you head further south into Ticino. Waterfalls, twisting streams, and historic chalets steam past the window as you go. An Italianate influence becomes apparent

Lucerne

as you reach mid-south Ticino, particularly in Bellinzona, where you will change trains for Lugano. Take in the sight of the three medieval castles, perched on their small hilltops, before continuing south. The landscape here is a patchwork of agricultural fields, with Monte Tamaro erupting out of the smooth land to separate Lake Maggiore from Lugano. Once you arrive in Lugano, disembark for a two night stay at your choice of luxury hotel. While here, be sure to explore the eponymous Lake Lugano, perhaps by boat or by enjoying some of the local water sports. Ascend Monte Bre on the funicular railway that runs from Casserate to add a romantic finishing touch to your rail experience of Switzerland. From the top of the San Salvatore Mountain, you can take in the phenomenal views of the two nearby lakes.

Day six: Return via Zurich

On your final day in Switzerland, you can choose to either continue south into Italy to catch a return flight from Milan or to catch a train north to Zurich, via Bern, for a return flight or rail journey. If you decide on a return journey via rail from Zurich, we would recommend spending one extra night here before departure.

OPTIONAL

It is possible to add extra nights in Zurich, Lucerne, Lugano, Geneva, or Bern.

MAP OF THE WILHELM TELL EXPRESS TOURING HOLIDAY

The map below illustrates the route outlined in this touring itinerary, with overnight stops and places of interest highlighted.

GENERAL INFORMATION

This rail holiday is one of several suggested rail holidays we can offer you exactly as it is but also with any alterations you might want including extra nights in one or more places or adding in extra places. All our tours can be extended so that you can include a longer stay in one mountain or lake resort too, perhaps at the end of the itinerary. Do call to discuss the options with our travel consultants.

OUR TOURS

Our rail tours are for individuals travelling on their own or in their own family group. You do not join a group and you are not escorted.

FLEXIBLE ARRANGEMENTS

Our arrangements are very flexible in that you choose to travel on any day you want, subject to availability of trains and hotels. As mentioned above, additional nights can be added at any point.

FLEX PASS INCLUDED

We include travel to and from your first and last hotel but also a Flex pass is included for the rest of the holiday, depending on its length. For example, on a long stay we would include an 8 day Flex pass. This gives you 8 non-consecutive but selected days of travel within a one-month period.

The pass gives you a choice that includes

- Unlimited travel by rail, road and waterway on your selected days of validity, including most panorama routes and public transport in 75 towns and cities
- Free admission to more than 490 museums on the selected days of validity
- Children under the age of 16 travel free of charge when accompanied by at least one parent holding the Swiss Family Card

If we have included a panoramic route in your holiday, we will automatically include any applicable supplements for that train.

TRAIN TIMES

We have planned our itineraries based on train times that work day by day at the time of planning which can be up to a year before you travel. Usually train times stay more or less the same every day, season by season. The times we have planned will be discussed with you at the time you enquire about the holiday and they are detailed to you in your written holiday quotation. It may be that the timetable changes between the planning of the itinerary and when you come to book but we can always adjust the itinerary to suit the actual train times and any requirements you have for particular times of travel.

FIRST OR SECOND CLASS

We will automatically include travel in second class but lots of our clients do upgrade to first class service. On Eurostar this is called Premier Standard for leisure travellers as it gives you an upgraded on-board service and more spacious seating but without paying for the fully-flexible business tickets. On the TGV trains from France to Switzerland, upgrading to first class gives you more spacious seating with increased legroom. Within Switzerland, first class gives you again more space and more comfortable seats, often with a quieter environment. The price of upgrading varies from route to route but is something that is not always proportionately a lot more on the price of the overall holiday, so well-worth considering.

LUGGAGE TRANSFER SERVICE

Swiss rail operates an efficient transfer service for your luggage. This works in a number of ways:

For travel to Switzerland by air, you can check-in your baggage with any airline, from any airport in the world and it will be forwarded to our destination station in Switzerland from Zurich, Bern or Geneva airports. Simply collect your baggage from the station at your destination.

For departure from Switzerland if flying with Swiss, you can check-in for your flight at the train station the day before you fly (major stations only). You receive your boarding pass and your seat allocation and your baggage will be transported onto the aircraft.

For departure from Switzerland with other airlines eg British Airways or Easyjet, you can have your baggage transported to the airport train station ie Zurich or Geneva and you collect it from there to take it to check-in as usual. Just allow enough time for the luggage to reach the airport station, so well before you travel. Your station will be able to advise a day or two beforehand.

Within Switzerland you can transfer your luggage from one location to another. The Fast Baggage service is available between 45 destinations. You just have to check-in your luggage before 9am at your departure station and collect it by 6pm on the same day at your destination (or sometimes the following day, depending on the actual destination). The cost of this service is approximately £17 per item.

TRANSFERS

Transfers in Paris between stations and from the station to each hotel are not automatically included in the price of the holiday. In Paris most clients choose to take a taxi between the stations rather than go on the Metro but we can arrange a private car with driver to take you in between. This is quite useful if you are a family group that can't fit into one Paris taxi. In Switzerland, depending on the location, hotels sometimes have their own transfer vehicles that they will send to collect you if we advise them in advance (eg in St Moritz and Zermatt this is usual) but elsewhere some hotels are within walking distance and others are a short taxi ride away.

OUR PRICES

The sample prices mentioned in this leaflet are generally a 'from' price based on the cheapest season of travel. However, train fares and hotel rates can change (up and down depending on offers), so we give you an accurate price for your holiday when we provide you with a quotation. Our sample prices should be used as an indication of how much a particular combination will cost and to show the differences on average between the hotel categories on offer.
